

Nick Tattinger Keeps on Winning

An event of importance alike to Alberta and to this town was the winning at the Canada Land and Apple Show which was held at Winnipeg recently of the grand prize of a gold medal and the accompanying purse of \$250 by Nick Tattinger, one of our most prominent and successful farmers, for the best sample of wheat exhibited at the Exhibition, Alberta has again demonstrated its pre-eminence in the grain raising department, the second prize going to Manitoba. In fact, Arthur Perry, of the Carleton Place, won the first prize gold medal and \$100, the second prize going to Saskatchewan and third to Manitoba. In barley Alberta gained the second award. A year ago Mr. Tattinger brought this province and the Carleton district to the fore in the excellent barley which he sold and shipped to Glasgow Scotland and to prove his theory of diversified farming he grew after the wheat and ribbon with success. In a very quiet way Mr. Tattinger has been longer on more than one occasion and Carleton district has had its name and fame brought to world notice. The province and district alike have been the gainers. The British congratulatory Mr. Tattinger on this, his latest success and thanks him for the progressive spirit he has shown. It would be well for this town and district to recognize Mr. Tattinger's enterprise and for the farmers of this district to take a leaf out of his book of success.

Agreement vs. Mortgage

A very interesting legal action affecting Stacey property was heard by Mr. Justice Simmons in the Supreme Court at Calgary last week. Mrs. S. K. Ferguson had given a mortgage on the Stacey section 14, 15, 16, 17, H. Stacey, of Stacey, for \$110,000 and interest, to be repaid \$2500 on Dec. 1st, 1912 and \$100,000 on Dec. 1st, 1913. The interest on the part unpaid was to be paid on Feb. 28th of each year. Stacey transferred the mortgage to a banker at Stacey, who said that the \$2500 was still unpaid and asked judgment for \$410,000 and interest, \$24,570. In defence, Mrs. S. K. Ferguson urged that an agreement was entered into with Stacey that a traction engine, and plow were to be placed at the disposal for putting in the 1912 crop. These she was unable to secure and as a result could not put in the crop for that year and hence was unable to meet the \$2500 obligation falling due on Dec. 1st, 1912. The court allowed Mrs. Ferguson \$2500 on her counterclaim for damages, diminished the mortgage, also the claim for interest, gave costs against the bank and made a further allowance for the fees of a second lawyer for defendant. This places the fulfilment of an agreement on an equal plane with the instrument of mortgage.

Another Home Set Up

One by one the ranks of the backsliders have been depleted and new homes set up in the town. Mrs. Lloyd Redfern brought his little of a few days to this town and installed her mistress of his home on Second Ave. Mrs. Redfern was Miss M. A. McCrimmon, of Angus, Ont., formerly of Calgary. They were married on Monday, Oct. 6th at Calgary by the Rev. Clark of Knox Presbyterian Church. The Review extends congratulations.

An October Shower

Mrs. R. M. Larkin gave a prettily arranged shower on Wednesday evening in honor of Miss W. G. R. D'Eyre, bride of this week. Mrs. D'Eyre, nee Miss D'Eyre, was a guest as a friend in Mrs. Larkin's native city and has won many warm friends during her short stay here while wishing for the best of the world. Many useful gifts were "showered" upon her.

No Congestion Yet

The ear order book shows at noon today 372 cars applied for and the next car to be spotted is No. 131. There were no other shipments or bills for shipment today 21 cars. There has not been a time yet when the storage accommodation of the elevator was entirely taken. In the past, the storage for grain has been increased by over 75,000 bu. almost a 50 per cent increase. As an indication of progress of the town and district and a proof of the extent of good times, the shipping output of the C. P. R. from Claresholm for the month of September this year was three times that of September, 1912, and the month of October will show four times the output of the corresponding month last year.

Samples at Review Office

We have some exceptionally beautiful samples of Private Creating Cards for Xmas at this time. These samples will be here but a short time and we advise those who wish to secure some of these Xmas cards, with your own name and good wishes printed upon them, to come to this office and have your orders during next week. The sending of these private, personal Greeting Cards to friends at Xmas is the most popular and the best style of sending cards selected from a common stock with no individual expression about them whatever. Call and see these samples right away as it is not an intention to have them on exhibit for more than a week or ten days. We will be too busy to bother with this line after that time. Fair warning.

Loss Theatrical Advancement

However, the theatrical advancement for the Chicago Vandell Co., which mediocre aggregation held down the boards at the local playhouse Friday and Saturday evenings, is said to have disappeared with the shareholders to settle the board bills of the company and is being sought by the police. He is said to have disappeared very early after he had made his parole in his little red suit with the bow-tie, to invite the crowd to the evening performance. As the C. P. R. does not furnish a train equipped with the modern conveniences for comfort at that particular hour, the upholders note of a freight car are thought to have afforded the means for his getaway.

Mission Circle Concert

The Extension Mission Circle of the Methodist Church are announcing a concert for the evening of Monday, October 27th. It is intended to add to the social enjoyment of the evening by serving light refreshments. The young ladies of the Circle will exert every effort to make their concert most enjoyable and from the success of these youthful hostesses in the past, a large attendance is expected. The program will be something out of the general order and strangers in the town will be heartily welcomed. A nominal admission fee will be charged of 25 cents for adults and 15 cents for children. The Mission Circle are a most active part of the Methodist Church economy and wish to them that a cordy book will be entrusted, an unique feature of the Chicken Pie Supper. More than that the young ladies will take orders for the next Monday night concert and if the fudge lovers will leave orders it is believed that the Xmas orders will take on a new dignity. Furthermore, the excellent proceeds of which the Circle are accumulating will be placed at the disposal of the church and will commend themselves to all.

Leader Michener Recovering

Edward Michener, the leader of the opposition in the Alberta Legislature, and member for Red Deer, was said to be doing well with appendicitis last week. He was operated upon successfully on Thursday afternoon and is reported to be recovering.

CLARESHOLM AND DISTRICT

The Provincial Poultry Show will be held at Calgary November 25 to 28.

THANKSGIVING DAY—Monday, October 20th.

BOARD—By day of week. Apply to Mrs. C. B. Gray and daughter Pearl returned to town last week from Montana.

Rev. Wm. McNeil and postmaster Simpson were out to Lethbridge on a shooting trip for a few days this week.

A Mr. Mitten is ill with typhoid fever and is under the care of Dr. Topper.

FOR SALE—One large heater, as good as new. Apply to A. E. Thompson, C. P. R. agent.

Thanksgiving service will be held in the Lutheran Church at 3 o'clock on Monday evening.

N. Holmes, of Claresholm, was in town on Saturday and looked over the business day store. It is rumored that he is considering buying the store.—Fletcher Clark Editor.

"The ladies of the W. C. T. U." will hold their annual prayer meeting which takes the form of an "All Home" next Tuesday evening, October 22nd, at the home of Mrs. Geo. Kingwe. Jas. Horton of Vancouver, B. C., is in town this week trying to interest some of the local "speculators" in a copper gold mine near West. Weston has been here, his partner has been there.

FOR SALE—I have a quantity of Western Rice Grass Seed for sale cheap. A No. 1. Apply to Freeman Anderson, at 33 1/2 St. Claresholm, Alta. Phone 1110.

Miss Ann Lawson, of Calgary, has been appointed assistant to Miss Goldie in the department of House hold Science at the Agricultural School. She is expected to join the staff here in a few days.

R. D. Older had the misfortune to lose his separator by fire on Saturday last. They were warming up some gasoline and it exploded, setting off the gun in the engine. The separator could not be moved in time to save it.

T. P. Mosely has just heard from his brother, J. F. Mosely, who left here about eighteen months ago for Mission, Texas, and the sad news of the sudden death of Mrs. Mosely from heart disease. The many friends of Mr. J. F. Mosely will sympathize with him in his great loss.

Alterations have been in progress at the postoffice building this week. A second large window has been put in the front and the door has been removed to the south corner of the building. If the postoffice could be secured, she has to be on Sunday to the boxholders, our cup of satisfaction would overflow.

Rev. W. E. Sibbey, B. A., lately returned missionary from China, will preach at the Methodist Church next Sunday evening. Rev. M. H. Harrison left for Toronto where he will attend an important meeting of the committee of Temperance and Moral Reform. He will be absent two weeks.

The Teachers' Convention has taken several of the teachers of the public school to Lethbridge and four of the rooms are closed in consequence. Those who left on Wednesday morning were Principal Seidfield, Miss D. Doyle and the Misses Melville, Miss Gaudin and Miss Todd will keep their rooms going as they are not attending the convention.

Another edition has been added to our number in the coming of Geo. Birch, a brother-in-law of Fred Thomas from Mount Brydges, Ont. to reside here in Claresholm. Mrs. Birch is expected to join her husband in a few days. Mr. Birch from the same town in Ontario, the father-in-law of the present mayor of this town. Mrs. and Mr. Birch will reside in the Wooster house on Kaabo Hill.

Run Over at Crossing

A little Clara and Johnnie Edmund, aged 7 and 4 years, were attempting to cross Third Avenue at Clark's corner, they were struck by a rig driven by John Smolstad, who was coming from the north and turning at that corner. The unfortunate little child was knocked down and narrowly escaped death under the horse's feet. The boy was the most severely injured of the two. No bones were broken, the injuries to the children being bruises of a painful nature. They were carried into Robinson's drug store and afterwards to their home where Dr. Steeles attended them. This collar has witnessed several narrow escapes as, with rigid toe pulling in front of Clark's and McCall's stores, a rig or car coming from the north and turning down Third Ave., especially if the turn be made sharply, is upon the precipice before he is aware. It amounts almost to criminal negligence if a driver making this turn does not stop up and down the boulevard for any person who may be starting to cross.

Mr. Clark's Mission
W. L. Clark, who has been addressing very appreciative audiences at the Methodist Church this week, is closing his mission on Friday evening. His address is of a distinctive type far away from the ordinary and marked by the entire absence of declamation. Mr. Clark just "talks" to his audiences and each listener feels as if he were being conversed with personally and directly. In fact when Mr. Clark asks a question in the course of his address one feels as if he were being conversed with personally and directly. In fact when Mr. Clark asks a question in the course of his address one feels as if he were being conversed with personally and directly. In fact when Mr. Clark asks a question in the course of his address one feels as if he were being conversed with personally and directly.

Warm at Both Ends

Seeing the success which by a determined making after a railway company to make them fulfill their promises has attended the efforts of Calgary with the C. P. R. and the C. N. P., the merchants of Macleod are attempting to force the hand of the C. N. R. which for over a year has had the grade thrown up for the branch line from Calgary to Macleod. In view of the valuable concessions granted by the latter to the C. N. R. on the distinct understanding that the road would be completed within a reasonable time, which promise has not been kept, the agitation for fulfillment has the support of all the business community. Those who left on Wednesday morning to the south. Bludgeon methods seem to be the only satisfactory means to get railways in the west to live up to obligations. Therefore more power to your arm, Macleod.

Uhlans' New Record

Lexington, Ky., Oct. 9.—Uhlans, the world's champion trotter, owned by C. G. K. Billings, hatched a record for a mile to 1:24.12. Uhlans set the previous record at 1:28 last year, the former on both attempts against the being accompanied by a running mate. Uhlans by day was driven by Chuck Truener and was favored with a perfect track and beautiful weather conditions. Trotting in magnificent form he did the greatest of all in paying questions among the best in Calgary and to Southern Alberta.

Meadow Creek Notes

L. E. Maxwell's threshing outfit has been busy on the creek bank and straw piles are to be seen in every field. T. Ellison is having his outfit out to thresh the stacked grain in a week or so the threshing will be done for this season. Wheat is a good sample and is yielding about 50 bu. in the acre. Oats run from 30 to 75 bushels.

Mr. Truman Muller has received his appointment as Game Guardian for this District. We will have to be very careful just what season of the year we shoot children.

Mr. R. G. Beckett has the finest crop of potatoes grown in these parts. Twenty potatoes weighed 15 pounds. One of his potatoes weighed 3 1/2 lbs. Can anyone beat this record?

Mr. H. Chisler has resigned his position with Austin & Newcomen and has resumed the management of his ranch.

Mrs. Valma has returned from a short visit to Lethbridge.

Mr. I. Cronin, of Carleton was a guest of Mr. and Mrs. Oliver last week.

Ayling-D'Eyre

A quiet home wedding was celebrated on Saturday last Oct. 11th, at 3 p.m., when, at the apartments of the Misses Sellick and D'Eyre, on Railway St., Winifred Gertrude Reid D'Eyre was united in the bonds of holy wedlock to Christopher Deane Ayling, now of Calgary, but late of Redding, Eng. Rev. H. M. Butler, of the Church of St. John the Evangelist, was the officiating clergyman. Arthur Bursley assisted the groom and Miss Sellick, the business partner of the bride, gave away the bride. The bride's gown was a pale green velvet. The friends of the contracting parties took advantage of the occasion to manifest their friendship by many suitable gifts. A reception was held at the bride's home the evening of the wedding. Mr. and Mrs. Ayling will probably make their home in Claresholm. The business partnership will be continued.

Ship Burns in Mid-Ocean

One hundred and thirty-six poor unfortunate lost their lives in an attempt to escape, in mid-ocean, from the burning liner, Volturno, of the Italian Line. The vessel started by fire from the engine room and whatever rescues were effected were made in the face of a terrible gale which placed the rescuers in jeopardy. The crew lost their heads and several of the lifeboats lowered were either smashed against the ship's side or overturned in the frenzy of lowering. The loss of life was largely due to these mishaps, caused partly by panic. The burning vessel was abandoned. The captain and officers are credited with doing all in their power to save the crew of the great liner. Wireless was the means of bringing the other ships to the rescue. Otherwise the toll of the sea would have been over seven hundred.

Bona-Fide Oil Discovery

Oil has been struck in commercial quantities at the Diamond well Black Diamond. This well is situated in Section 6, Township 20, range 2. A depth of 200 feet the oil was tapped. Whether this is a pocket or not has not been made public. The quality is said to be very superior and is said to make the run to Calgary from the credit of from this well in place of the usual gasoline. The drilling will likely be continued for some time before the well is "gaged". Great excitement exists in Calgary on a hope large reserves have been found for home and export. Other fields are being looked for in the territory and it is rumored that a depth of 300 feet in paying quantities among the best in Calgary and to Southern Alberta.

Athletics, World Champions

Very keen interest was manifested in the results of the five games in the series which ended last Saturday between the Philadelphia and the New York baseball teams for the world championship. The Philadelphia Athletics had topped the American League and the New York Giants were the pennant winners in the National. On Tuesday the game resulted in a win for the Athletics by score of 6 to 4. Bender pitching for the Athletics and Tessou and Crawford furnishing the 4th work for New York. Wednesday's game was won by the Giants after a ten innings struggle by score of 3 to 0. Mathewson and Plink were opposed and Mathewson's own left arm was the key to the last run of the game. On Thursday the Phillies won the decision 4 to 2. In this game Bender pitched and Crawford and Mathewson were the stars. On Friday the Giants won the series by a score of 6 to 5. In the last game played on Saturday the veteran pitchers, Mathewson and Plink fought a wonderful battle but Plink had the support and the victory went to the Giants. The series was won by the Philadelphia Athletics by a score of 3 to 2. In the two games Philadelphia had 23 runs New York scored but 15 times. In the two games where Plink and Mathewson were opposed, Plink won both games. On Saturday Plink had 9 hits charged to him against him while Mathewson had 11 hits against him for 1 runs. This gives the Philadelphia Athletics the edge in the world championship.

Return of Hallowells

The Hallowell Concert Company, made up of ten musical artists, which delighted such a large audience last March last year, are returning for the coming of Tuesday, November 19th. They are of great strength on the part of the local Claresholm, Lodge, Knights of Pythias. The reputation which this talented company made in Philadelphia, Kansas, has not needed an introduction. Tickets will be for sale by members of the local lodge and the safe plan is to secure your seats early.

Grain Accommodation Increase

The new Farmers' Elevator took in the first load of grain on Wednesday. With the addition of this new elevator with over 40,000 bu. capacity and the new warehouse of the Alberta Grain Co., which holds 35,000 bu., the storage capacity of the Claresholm elevators has been greatly increased, almost 50 per cent.

Curlers to Meet

The seasonal meeting of the Claresholm Curling Club will be held on Wednesday, November 20th, at the Curling Club. Every member is requested to attend as business of importance may be for consideration. The day has of the Club call for the appointment of the ships of this meeting and preparation for the curling season.

Oppons Dressmaking Dept.

Mrs. R. M. Larkin has secured the services of Miss Margaret McPherson, formerly of Sarnia, Mich., to take charge of her dressmaking department. Miss McPherson is thoroughly experienced and will do plain and fancy work at very reasonable prices. She will make a specialty of Ladies' suits.

Last Saturday's cash prices in the following: Wheat, No. 1 Northern, \$1.20; No. 2, \$1.15; No. 3, \$1.10; No. 4, \$1.05; No. 5, \$1.00; No. 6, \$0.95; No. 7, \$0.90; No. 8, \$0.85; No. 9, \$0.80; No. 10, \$0.75; No. 11, \$0.70; No. 12, \$0.65; No. 13, \$0.60; No. 14, \$0.55; No. 15, \$0.50; No. 16, \$0.45; No. 17, \$0.40; No. 18, \$0.35; No. 19, \$0.30; No. 20, \$0.25; No. 21, \$0.20; No. 22, \$0.15; No. 23, \$0.10; No. 24, \$0.05; No. 25, \$0.00.

CANADA GAINS MUCH BY AMERICAN FACTORIES

Leading New York Newspaper Shows What Migration of United States Plants Means

(From New York American)

A reader of The New York American in Kingston, Conn., writes to tell us that he has read the New York statement about the driving of \$60 millions of capital out of the country because we do not pursue the policy of reciprocity, and he asks: "What kind of capital is it? Is it money, credit, real estate, intellect or pure manual labor?" When a factory moves from New England to Canada, our loss is all of these. The wages, which support American homes, are sent home to support foreign homes and stores. The real estate comes on the market for sale. The intellect that runs the business and as many of the workmen as can, follow the business and help to build up a foreign city. Credit also goes, for the American city and America are deprived of just so much assessable value.

Suppose that a small town is supported entirely by one big factory and that the factory moves away. The town will vanish, too. The removal from the country of a big factory is a very real loss, and a very real loss; not merely an occasion for theorizing.

HOW MANY PLANTS IN YOUR RIDING?

Questions For Members of Parliament
Wm. A. C. Cassin
Tariff

It is suggested by industrial Canada that every member of Parliament who is considering the tariff issue should ask himself and his electors the following set of questions, fraught with vital import to the future of his constituency and the country at large. The questions are:

1. How many factories are in your constituency?
2. What amount of capital is invested?
3. How many people are employed?
4. What is the annual output?
5. Where does each manufacturer get his raw material and what duty does he pay on it?
6. What protection has each manufacturer on his finished product?
7. What is the difference between the duty on each manufacturer's finished product and the duty on his raw material, which difference is his real protection?
8. Where does each manufacturer sell his product and what competition does he have to meet? What advantage would his competitors gain by a reduction in the tariff?
9. What is each manufacturer's wage rate?
10. Where is this wage spent?
11. What proportion of the inhabitants in each city, town and village in your constituency are factory employees or dependent upon factory employees?
12. What proportion of the increase in the population of your constituency during the past ten years is due to the growth of manufacturing?
13. How many British and foreign companies have established factories in your constituency during the past ten years?
14. How much British and foreign capital is invested in manufacturing in your constituency?
15. How many immigrants are attracted to your constituency by the hope of getting positions in factories?
16. How much farm produce is consumed annually by the factory population of your constituency?
17. What are the special transportation problems of the manufacturers in your constituency?

HARD ON LABOR

Free Trade Sacrifices Workmen Fully

United States and German manufacturers continually subsidize British steel manufacturers for large contracts in Australia, Africa, South America, China and other parts of the world. In these instances the British wage-earner is sacrificed to no purpose. In a vain effort to undersell the products of protected labor in foreign countries his employer pays him a low free trade wage. Such expansion of foreign trade as the United Kingdom desires to enjoy is often at the expense of the ordinary workers in factory, mill and field. The time cannot be far distant when the workmen of the Old Land will rise against this Cobden doctrine that nothing should be done for the masses of labor. They are going to try to protect as a means of securing standard work and better wages and of generally improving their own condition.

THE DOMINION BANK

DR. EDWARD H. DILLON, M.P., PRESIDENT. W. D. MATTHEW, VICE-PRESIDENT. C. A. BOGERT, General Manager.

The Business Of Farming

—like the business of Manufacturing—should be done in a practical business way. Proceeds should be put in a bank. Payments should be made by Cheque. A certain percentage of the profits should be put in a Savings Account as an emergency fund. The man who has a cash surplus in a bank, is protected against bad seasons and hard times.
